Tuffline Braided Hose :

We provide our clients with a new range of our PVC nylon braided hoses that are designed for high pressure applications. The designs of these PVC nylon braided hoses give these hoses required durability. These hoses find their usage in cold water pipes, air pipes in pneumatic system, welding and spray application or for transporting chemical powder or small particles. The varied features of our PVC nylon braided hoses include:

NOMINAL DIMENSION	HOSE DIMENSION		W.P.	B.P.		NET WEIGHT	MEASUREMENT
	I.D. X O.D.	LENGTH		20°C	60°C		
Inch	mm	m/Roll	Kgs/cm2	Kgs/cm2	Kg/Roll	m3/Roll
